Division of Media/Website Ministry

*August 20, 2013*

## Introduction/ Overview of Notification System

Mt. Moriah M.B. Church Notification System was developed to provide church members about important information regarding quick notifications, announcements, reminders, etc.

This notification system is known as RainedOut. RainedOut™ was started by a soccer dad/coach one fall morning when the weather just wasn't cooperating. Therefore, there was a way he needed to reach parents, fans, and players to inform them about re-scheduling practice, game day, and other notifications in the future.

RainedOut is operated and managed by OMNILERT, LLC, which is the leading unified mass notifications company. OMNILERT develops technology to deliver time-sensitive information to people wherever they are, using whatever device they are using. OMNILERT provide notification solutions for schools, universities, government, businesses, and non-profit organizations.

**This system requires subscribing to receive text messages/emails in an easier, more convenient way, that eliminates the use of paper and pen.**

When you click on link on the homepage of the church website, you will get the page below.

The screenshot shows the RainedOut™ mobile alert system interface for Mt. Moriah M.B. Church. The header includes the RainedOut™ logo with the tagline "KNOW BEFORE YOU GO" and an "Admin Login" button. A navigation menu on the left lists "Home", "About Us", "Help", "Contact", "Sponsor", and "Search". The main content area displays the church name "Mt. Moriah M.B. Church" and the address "Mt. Moriah Missionary Baptist Church of Pulaski, MS". A message status indicates "[No messages to show]". A three-step process is outlined: 1. Sign Up!, 2. Validation Code, and 3. Receive Alerts. A sign-up form prompts users to "To receive Text (SMS) and Email Alerts..." and includes a text input field for "Enter 10-digit PHONE or EMAIL:", a "Start Signup" button, and a checkbox for "Agree to Terms of Service". Below the form is a "Manage Your Alert Subscriptions" link. A disclaimer states: "There is no extra subscriptions cost to receive these alerts, however standard message rates and data charges from your carrier may apply." and "Message and data rates may apply. Text HELP for help. Text STOP to cancel alerts at any time. For additional assistance, contact support@omnilert.com. Privacy Statement". On the right, a smartphone graphic displays a sponsored text message: "Sponsor This Organization's Text Messages! Have your business appear on every alert! Learn More <by: your company>". Below the phone is a "Sponsor this organization!" button and a list of benefits: "Keep the service free", "Group receives Giftback", "Show your support!", and "Learn More". The MobileTrax logo and contact information for Gerry Purdy, Principal Analyst at MobileTrax LLC, are located in the bottom left corner.

You will then complete the three steps to manage your alert subscriptions for Mt. Moriah M.B. Church.

## Update of Notification System

To keep the notification system updated, a text message will be sent around every six months to ensure that the system is working properly and remind others on how to subscribe/unsubscribe at their own choice.

There is no extra subscriptions cost to receive the alerts, however standard message rates and data charges from your carrier may apply.

## Register into Church system & group messages

- **ALL MEMBERS** - Text **JOINMMMBC** to **84483** to receive alerts from **Mt. Moriah M.B. Church**.  
However, if you are a part of one of the ministries below, please continue to text all that apply to receive alerts also.
- Text **MMCHAMPS** to **84483** to receive **Mt. Moriah Youth Ministry** alerts.
- Text **MENMINISTRY** to **84483** to receive **Mt. Moriah's Men of Standard** alerts.
- Text **MMMBCMEDIA** to **84483** to receive **Mt. Moriah Media & Website Ministry** alerts.  
NOTE: Text **HELP** for help. Text **STOP** to cancel alerts at any time. For customer support contact Media Ministry Director at [mmmbc39152@gmail.com](mailto:mmmbc39152@gmail.com) or [info@rainedout.com](mailto:info@rainedout.com). Msg&data rates may apply.

For more groups to be created, please see the "groups" tab at the upper right hand corner when logged in to ADMIN settings and complete information. However, if you need assistance, contact DeAnte' Spann.

## Administrators Login Instructions

### *Sending Notification Alerts via online*

1. Go to Mt. Moriah M.B. Church website.
2. Click on the link above the news feed that states, "**Join Mt. Moriah text alerts today!**"
3. Go to the upper right-hand corner and click on "ADMIN LOGIN"
4. Login with the correct username and password.  
Username:  
Password:  
*(Admins who don't have an username/password, see DeAnte' Spann)*
5. Type the message you want to send where it states "message" in the box.
6. Select the group you are trying to send to, which is everyone.
7. Once you have entered the message and selected to "send to everyone", click on "send message now."
8. The message has been sent through text message to all subscribed and through e-mails.

NOTE: Internet is required to submit via online. The message will show through text & email coming from "Mt.Moriah MBC."

## **Administrators Login Instructions**

### ***Sending Notification Alerts via Remote Messaging***

*Due to bad weather taking place at many times, Internet service may temporarily be down. Nevertheless, there is another way to send alert messages through a simple text message that doesn't require Internet! This is what is known as Remote Messaging Setup.*

Use Remote Message to initiate alerts by texting RainedOut. In order to do Remote Messaging Setup, your number must be entered within the system. Then simply text 84483 with the command "send", your keyword, and your message. ***The picture below shows how you would send an alert through text messaging. Note: You would be sending the text to 84483!***

For more information about Notification System, contact DeAnte' V. Spann.

*Notification guide was created by DeAnte' Spann as a source of understanding the notification system implemented. New system was implemented to serve as a reference to members of reaching important news for church members.*
